

CITY OF LODI

COUNCIL COMMUNICATION

AGENDA TITLE: Adjustment to the Control Point for City Engineer

MEETING DATE: September 4, 1996

SUBMITTED BY: City Manager

RECOMMENDED ACTION: To approve adjustment to the Control Point for City Engineer.

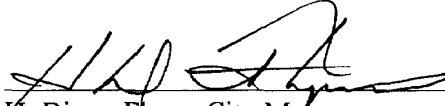

BACKGROUND INFORMATION: In November 1995, Res. 95-113 revised the class specification for City Engineer, and placed the position in the Management benefit group. At that time there was no adjustment to the Control Point. A survey of the City's management survey cities reveals that the control point should be adjusted to \$70,393.

It is recommended to adjust the Control Point to the survey mean of \$70,393.

COST: The cost is subject to City Manager discretion in assigning a salary to the incumbent within the Control Point range. The current salary of the City Engineer is \$73,175.

FUNDING: General Fund.

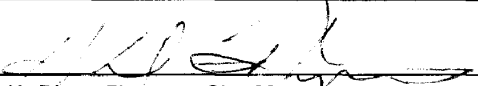

Respectfully submitted,

H. Dixon Flynn, City Manager

Prepared by Marlon Robbins, Human Resources Analyst II.

cc: City Engineer

APPROVED: _____

H. Dixon Flynn -- City Manager
